Professional Summary

Motivated and detail-oriented B.Tech Information Technology student with strong fundamentals in programming, data structures, and backend development. Skilled in Java, Spring Boot, RESTful APIs, and MySQL database management. Passionate about problem-solving and eager to apply technical skills through internships and real-world software development projects while continuously learning modern technologies.

Technical Skills

Programming Languages: Java, Python
Backend Technologies: Spring Boot, REST API
Database: MySQL
Tools: Git, GitHub, Swagger, Figma
Concepts: OOP, Data Structures, CRUD Operations

Projects

Travel Booking System *Java, Spring Boot, REST API, MySQL*

- Developed a backend application using Java and Spring Boot to manage travel booking operations.
- Implemented RESTful APIs for core functionalities such as booking, user handling, and data management.
- Designed and integrated a MySQL database using JPA for structured and reliable data storage.
- Tested APIs using Swagger and maintained source code using GitHub.

Park Booking System *Java, MySQL*

- Built a backend-focused park booking system with emphasis on business logic and data handling.
- Applied OOP principles to improve code readability, reusability, and maintainability.
- Performed CRUD operations for booking records and user-related data.
- Optimized database queries to improve data access and system performance.

Internship

Frontend Intern – Gold Plated Ornaments ERP/CRM *AJ&VJ Media*
May 2025

- Assisted in designing and developing frontend modules for ERP and CRM workflows.
- Created UI layouts and design components using Figma.
- Collaborated with team members using Git and Agile development practices.

Education

Bachelor of Technology in Information Technology *2023 – 2027*
Sri Krishna College of Technology, Anna University
CGPA: 7.53

Certifications

- Java Programming – Infosys
- Spring Boot Fundamentals – Infosys
- Attract and Engage Customers in Digital Marketing – Coursera
- Managing the Company for the Future in Linux – Coursera

Professional Traits

- Continuous learner with strong curiosity for emerging technologies.
- Resilient problem-solver with the ability to adapt to challenges.
- Highly committed with a strong ownership mindset.
